

National Pollution Control Day

*National Pollution Control Day is observed every year on 2nd December in India. The day commemorates the victims of the 1984 Bhopal Gas Tragedy, one of the world's worst industrial disasters. It aims to create awareness about the dangers of **air, water, and soil pollution**. The day encourages people, industries, and governments to adopt **environment-friendly practices**. It reminds us of our responsibility to protect the planet for a **cleaner and healthier future**.*

National Pollution Control Day Event in the Wisdom School

*Our school organized a **rally on National Pollution Control Day** to spread awareness about protecting the environment. Students carried **posters and slogans** highlighting the dangers of pollution. We marched around the school and nearby areas, encouraging people to keep their surroundings **clean and pollution-free**. Teachers and students together emphasized the importance of **reducing waste, planting trees, and saving resources**. The rally helped everyone understand their role in creating a **healthier and greener future**.*
